BARBOURVILLE, KY., FRIDAY, OCTOBER 22, 1920

ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

GOVERNORS' SPECIAL AT BARBOURVILLE.

On Tuesday morning the people of Knox County turned out in large numbers to welcome the governors who have been speaking thru this section of the country. The next vice-president, Governor Coolidge, of Massachusetts was introduced by Congressman Robinson and spoke of the mighty blessings that have come to this Republic. These blessings, he said had been disseminated among the great body of the people thru the aid of constitutional government, to which he urged those present to stick. He also spoke on the Democratic extravagance which had been curbed by the Republicans during the last session of Congress. Also of the taxation which falls so heavily on the workers. The speaker urged the voters to see to it that Warren G. Harding is elected President on Nov. 2nd.

Governor Lowden, of Illinois, urged the people to stick by the Stars and Stripes and not be misled into following a white or red flag representing a dream or violence.

The special pulled out amid the cheers of the crowd.

AEROPLANE DESTROYED BY FIRE

Saturday afternoon while on a trip to Corbin, the aeroplane of the Barbourville Aero Co., caught fire while at a height of some 1,000 to 2,000 feet and was brought safely to the ground by Captain W. Beaver, the pilot. I. H. Connolly was also in the machine. On striking the ground, close to St. John's Cemetery, the two men rolled out and shortly afterwards the tank exploded. Both men were considerably shaken up, but otherwise were no worse off for their exploit. The cause of the explosion is unknown.

CHEERFUL OVER OIL STRIKE.

The owners of the First Caldwell Oil Corporation, of which C. F. Lowther, president of the Sun Coal Company, Horse Creek is one, are cheerful over the following information, which is clipped from the Courier Journal.

On Wednesday night, the First Caldwell Oil Corporation, on the Manning lease, adjoining the Coombs bungalow property, in the Davenport pool brought in the first big well of the week and the largest since the completion of Sibert No. 1. The drill had just passed through the cap rock when a terrific gas pressure was encountered. Gas and oil were thrown high above the mast and ignited from the drill engine. The pressure of the gas was so great that the flames were some hundred feet above the hole. The Star rig was destroyed. A solid stream of oil was thrown for an hour and a half a distance of thirty feet above the rig mast.

It is understood that the Corporation was offered \$75,000 for this property after the well was brought in, and the offer was turned down.

Clarence Parker and Nimrod Detherage were in Corbin Sunday.

WILEY SMITH KILLED IN CORBIN.

Wiley Smith, son of Noah Smith, of Elys, Knox County, was shot to death at Corbin, at 2:30 a. m. Tuesday morning by Deputy Marshall Geo. Lockhard. Stories of the shooting that reached Barbourville are conflicting but it is alleged there had been trouble between Mr. Smith and the police some time previously. It is said he was shot four times in the back and when he fell, was shot in the head and died instantly. Clarence Hinkle had just gotten off the train and had gone over to the restaurant to get something to eat, when he found a crowd surrounding the body of the dead man and found him to be the son of one of his best friends in Knox county. Life being extinct, however, he could do nothing for him and the remains were shortly afterwards removed. The body was brought over on the Governor's Special for delivery to the young man's parents for whom the sincere sympathy of the whole community will go out in their great sorrow.

KENTUCKY CONFERENCE OF SOCIAL WORK

The section on Recreation at the annual Kentucky Conference of Social Work, to be held in Danville, October 29 to December 6, will take the form of a "play institute" and will form one of the most interesting sections of the meeting, according to a statement of R. A. Hoyer, Secretary of the Community Council of Louisville.

"The program on Recreation will begin on Saturday morning," said Mr. Hoyer, "and will continue throughout the day with Community singing story telling and games for young people and adults. Miss Elizabeth Watts, principal of the primary school of the Hindman Settlement, will lead in children's singing games. She will be assisted by the children from the settlement and by several boys and girls from the Danville Public schools."

"The afternoon will see the presentation of the American Red Cross Pageant, which will be under the direction of the Lake Division of the Red Cross, and prior to this a lunch will be held for those interested in recreation and its relation to health and education."

COUNTY CLAIMS

All holding County Claims for 1918, 1919, 1920, are required to bring them into the Sheriff's office or interest will cease October 25th.

Vote for the following candidates for members of the County Board of Education.

J. M. Cole, Fount, Ky.
J. F. Hutson, Corbin, Ky.
Chas. H. Botner, Grays, Ky.
George Hammons, Flat Lick, Ky.
Joe Davis, Rain, Ky.

1st. The above named men have announced themselves as candidates for membership on the County Board of Education. They are each leaders in their communities and stand for progress in education and for civic righteousness among our people. They have pledged themselves to give Knox County a sober administration of its school affairs and their reputation is such that we know they will keep their pledge.

2nd. It is not only desirable that we have a Board that will give us a worthy leader in our educational affairs but it is necessary that the membership be composed of men who are successful in the conduct of business. The above named men will bring to the duties of their office minds that have been trained in business affairs—thus insuring to us a careful conduct of the finances of the school fund. And representing the different sections of the County as they do will insure all sections just and equal consideration in the distribution of the same.

3rd. Since the women now have equal voting privileges they are especially asked to interest themselves in behalf of this ticket, because they are especially interested in the education of children and the training of the young and know how much importance is attached to the office of County Superintendent, whom the Board of Education now elects, and how desirable it is that the office should be filled by a sober and God fearing man.

It is conceded by the people of Knox County that these men will be elected.—Adv.

CHRISTIAN LADIES AID.

The Ladies Aid of the Christian Church met in the church parlor Friday, Oct. 15, with a large membership present.

Much credit is due Mrs. Carroll, who was hostess for the day in the nice manner in which she entertained the Aid at the social hour. The room was beautifully decorated in cut flowers, and the delicious refreshments served at the close of the meeting were much enjoyed. As the members departed each one was presented with a lovely Jack Rose dahlia. The next meeting will be at the home of Mrs. Elbert Evans, Nov. 5.

Jason Sears was gathering apples on his farm this week. We understand they are good but have not sampled them — as yet.

Arthur Payne, of the Trace Branch Coal Co., was in town Tuesday.

Mr. and Mrs. Frank Fitzgibbons, Mr. and Mrs. Herbert Bliss, and Miss Lettie Bliss, Mrs. J. E. Archer, Misses Clara and Ethel Campbell, and Messrs. A. J. Baird and Tom Catchings left Saturday morning for Cumberland Gap, by auto, returning Sunday afternoon. The party had a lovely time. Messrs. Fitzgibbons and Bliss were the Choo Choo drivers.

Mrs. F. R. Barner, after spending the summer with her daughters, Mrs. R. D. Bowersock and Mrs. R. L. Caydill, at Hobart, Oklahoma, and M. R. Barner, at St. Louis, has returned to her home.

Mrs. W. S. Edwards, is in Louisville for a week, to consult her medical man.

MRS. K. F. DAVIS TAKES THE FORUM.

Speech by Mrs. K. F. Davis at Upper Little Brush Creek Friday night October 14th.

Ladies and gentlemen, the seekers that were billed to speak at this place to-night are not here. You all know that I am not a political speaker and know but little about politics. Friends, if ever there was a time in our lives when we should speak it is now.

We should not only speak but come out and vote for the republican nominee. Don't you feel deep down in your hearts the supreme duty to keep our boys out of war, to keep our boys at home to serve our flag at home. You all know that Wilson promised to keep us out of war, but five months later he put rifles in your sons hands and sent them to war. What the American mother wants for her children is the fair deal and the fair chance to build up business and political rights at home, to build up and protect our fire sides in America.

To whip any and all nations who attack us, or who tread upon a single American right anywhere. Good mothers, I appeal to you, don't be slackers. Don't get the idea that it is a disgrace to vote. You have the right to say where your boys go and for whom they should fight.

Go to the polls on November 2nd and vote for Senator Harding. Your interest as a woman, your interest as a mother, your interest as a citizen, your interest as the financial manager of the home, combine to require the return to republican principles. Vote for your son who isn't old enough to vote himself.

It is your duty, by voting November 2nd, probably will save the fellow from being sent across the sea to foreign countries to die on the battle fields by the time he is 21 years old.

The democratic women of the Blue Grass are going to the polls in order to defeat the women of the mountains.

I say again mothers, vote, stand up for your rights, also the rights of our boys, we don't want them sold to Roman powers, as Pres. Wilson has tried to do, and Cox is a right hand man to everything Wilson has done.

It is not only your duty as a parent and a citizen, but our religious duty as well, to get busy for God and America. Let us not forget the patriotism of Mollie Pitcher, when her husband was killed firing a cannon, she stepped up and fought till the battle was finished. Good mothers, don't be slackers: vote this time and keep voting, until the lives of our boys stand for old America and her alone. Friends, I wish I was the mother of six stalwart boys all old enough to vote for America's freedom, and fight for the Stars and Stripes that wave over the land of the free and the home of the brave!

Then I would want to vote for my country, and I am going to vote. My boy was not old enough to serve his country when America had to whip Germany, and left a half a million of her boys buried in Flanders. As I have said my boy didn't go, but L. J. Hampton did who at that time was

my daughter's husband. My heart ached for that boy, and for my daughter who gave him up. She was a brave little soldier. (She oftentimes said, "I am so sorry to see you go, but don't be a slacker, go fight for your country.") In the meantime she became a flu victim, but she died as one among many, thus fulfilling the Scriptures.

Mark, 13th chapter says: "When you hear of wars and rumors of war, famines and earthquakes, and a disease such as never was from the beginning of the world, these are the beginning of the days of sorrow", and you all know how many died with that terrible disease.

Friends, I haven't the voice of an angel, neither can I speak like Paul, but there are great men of this grand old America warning men and women of their duty toward the future welfare of their sons. Take heed lest you let your first opportunity pass and your sons die fighting for another nation. Again I appeal to you, vote November 2nd. Little boys, I wish I could make you understand what it means to you for your mother to vote. I am sure you would look up to her November 2nd and say, with tears in your eyes, "Mother, vote to keep me at home."

Friends, there will never be perfect peace. How silly to think the world can keep a covenant, written by the hands of mortal men, like Wilson, Lloyd George and others, partly of heathen nations, partly of professed Christian nations. God gave no such peace plan to the world. Friends, come out and vote and by so doing show you are true blue Americans, and stand by God's plan for peace and not man's. I thank you.

MILLS.

Miss Iva Grace Mills, daughter of Mr. and Mrs. John Mills, Grays, Ky., died at the home of her sister, Mrs. Cecil Hart, of Kettle Island, Saturday night, October 16th, following an attack of typhoid, which had confined her to bed for about two months.

Miss Iva Grace was born Feb. 25th, 1902, and was thus only eighteen years of age when death called her.

Besides her father and mother, five brothers and four sisters survive.

The funeral was conducted at Mt. Olive by Rev. Mr. Shearer, of the Corbin Christian Church.

Only 14, But Is Very Busy Boosting Harding

Here is a picture of James Duncan
MacGregor, Jr., age fourteen, who is
the publisher of The Weekly Press of
Stamford, Conn. In a recent issue of
his newspaper he said:

"The editor of this paper wishes

JAMES DUNCAN MAC GREGOR, JR.

to say the object of The Weekly Press
is to publish facts, and do my part
in helping the United States get into
office good, honest men, men who love
their country first of all. As I am
only fourteen years old, I cannot vote,
but I appeal to all voters to cast their
ballot for Senator Warren G. Harding
and Governor Calvin Coolidge."

James numbers his ancestors among
the signers of the Declaration of In-
dependence and always has been a
reader of biographies of great men.
Roosevelt is his hero. Harding is his
idea of the kind of a man the country
should have for President.

Senator Harding, observation leads
us to believe, has created a strong
impression of earnestness, sincerity
and high sense of duty. His utter-
ances are marked by a studied mod-
eration; he exhibits no arrogance of
opinion, and has made no extrava-
gant promises of a millennium to be
created by proclamation; he seeks
rather to express the national spirit
than to impose a doctrine of political
infallibility. And there is as unmis-
takably a growing view that Gov-
ernor Cox is a shifty opportunist, super-
ficial in thought, reckless in appeal
and irresponsible in statements.—
Philadelphia North American.

COX'S VARIED ROLES

By SCOTT C. BONE

At "one" with Woodrow Wilson and for Wilsonism and all it
implies, without reservation, yet beseeching a weary, tax-burdened
country to elect him President. That's Candidate Cox.

An exponent, for campaign purposes, of progressive thought and
lefty ideals, yet nominated and backed by Boss Murphy, Boss Brennan,
Boss Tamm and Ed Moore! That's Candidate Cox.

Wettest of the wet aspirants for President, save Edwards, by
Bryan's appraisal, in a Democratic Convention dominated by the
wets, yet now endeavoring to convince an arid country that he is dry
and ever has been a dry! That's Candidate Cox.

Charging that a corruption fund of \$15,000,000 was being raised to
buy up the Presidency, and then, at safe distance from the seat of
inquiry, raising the amount to \$30,000,000, yet without producing any
lots of evidence in support of his wild charges. That's Candidate Cox.

A machine-made politician, vouched for by Tammany, yet pre-
tending to have been given the light in 1912 as a disciple of Theodore
Roosevelt and Hiram Johnson! That's Candidate Cox.

Arraigning the press for not taking him seriously by printing his
speeches, yet knowing, as a newspaper man, that the cost of print
paper under this Administration is too high to give space to mere
words! That's Candidate Cox.

Crying out against a mythical "Senate oligarchy," because the
precious Wilson covenant failed of ratification, yet with full knowledge
that hostility of Democratic Senators rendered ratification impossible!
That's Candidate Cox.

A mild, dodging critic of Buriensonism and Palmerism, when con-
fronted by hecklers out West, yet committed unqualifiedly to Burienson-
ism and Palmerism by the Democratic platform! That's Candidate Cox.

An apologist for the sinking of the Lusitania, a pacifist of the
Newton Baker stripe as clouds gathered, and intervening on behalf of
a rich slacker when war came on, yet today appealing for the support
of American sons who went to the front! That's Candidate Cox.

Dry to the dries, wet to the wets, spirituelle to the spiritual, all
things to all crowds, in the face of the G. O. P. landslide clearly in-
pending, yet never daring to deviate in his devotion to Wilsonism or
the Wilson League by the dotting of an "i" or the crossing of a "t"! That's Candidate Cox!

And, finally—an acrobatic Ajax defying the lightning of public
disapproval! That's Candidate Cox.

Father Says Why He Is For Son for President

Indianapolis.—Dr. George T. Hard-
ing, seventy-six years old, father of
Senator Harding, came here from

teer infantry, enlisting at eighteen.

VOTERS ENCOUNTER NO DIFFICULTY CHOOSING BETWEEN CANDIDATES

Washington.—The American people
are carefully making a close compar-
ison right now between Senator Hard-
ing and Governor Cox. The choice be-
tween these two men and the policies
they represent is not a difficult one
and the writer honestly believes the
American people have their minds
made up, and are ready to vote.

Senator Harding and Governor Cox
are almost diametrically opposed to
each other in everything. Senator
Harding stands for Americanism and
Governor Cox espouses international-
ism. Harding is cautious about what
kind of a league he and his party goes
into while Cox wants to wade right
into the European league as proposed
by President Wilson.

Senator Harding is careful, delib-
erate, dignified, sincere, serious and
constructive, while Governor Cox is
crafty, quick to seize upon any kind
of an artifice; he is bombastic and
impulsive.

Senator Harding has been a life-
time accumulator of a moderate fortune
while Governor Cox jumped into the
multimillionaire class in a few years.
Harding lives modestly and quietly in
an unostentatious manner while Gov-
ernor Cox lives in luxury on a large
estate in a home costing half a mil-
lion dollars.

Warren G. Harding will be fifty-five
years of age on Election Day. He is
old enough to know and young enough
to do. His rival has not yet reached
even the years of discretion.

Doctor Cupid

That love sometimes cures disease is a fact that has been called to the attention of the public by a prominent physician. Love is not, however, the cure for all women. Only a woman is nervous and unable, feels dragged down and out for no reason that she can think of.

Doctor Pierce's Favorite Prescription gives new life and new strength to weak, worn-out, run-down women. "Favorite Prescription" makes weak women strong and sick women well. It is now sold by all druggists in the United States in tablets as well as liquid form.

Send 10c to Dr. Pierce, Buffalo N.Y., for trial pkg. of the tablets. NASHVILLE, TENN.—"I have used Dr. Pierce's Favorite Prescription and found it to do what it is recommended to do. It did me more good than the doctors. I had several and none of them did me any good. Dr. Pierce's Favorite Prescription is the only thing for weak, broken-down women. I felt like a new woman after taking it. I weighed 155 lbs. and never felt better in my life."—MRS. AGNES TATUM, 175 L. Green St.

HOW TO BECOME A NURSE

Any woman with intelligence and "motherly" instinct can learn to be a practical nurse and earn from fifteen to twenty-five dollars a week. If you cannot spend three years in a hospital or are past the hospital age, study a common-sense book, called "Nursing in the Home," by Lee H. Smith, M. D. This book is written in a way that is easy to comprehend. It will teach you how to recognize different diseases; how to take temperature; how to take care of fever patients; how to give baths; all about the sick room. It treats of burns and scalds, broken limbs, bleeding from wounds (bandaging), drowning, fainting—almost every contingency is covered.

Many pages are devoted to Hygiene, Anatomy, Physiology and Medicine. It contains advice for mothers and tells how to care for infants.

This 500-page book, bound in handsome red cloth, is worth \$2.00 but for a limited time can be secured by sending fifty cents to the publishers, World's Medical Press, 652 Washington Street, Buffalo, N. Y.—Adv.

Will You Spend 50c On Rat-Snap to Save \$100?

One 50c package can kill 50 rats. The average rat will rob you of \$10 a year in feed, chicks and property destruction. RAT-SNAP is deadly to rats. Cremates after killing. Leaves no smell. Comes in cakes. Rats will pass up meat, grain, cheese, to feast on RAT-SNAP. Three sizes, 35c, 60c, \$1.25. Sold and guaranteed by Wilson Bros. and Grant Drug Store. Adv.

12,000 Women Hear Harding's Address on Social Justice

Twelve thousand women from all parts of the United States went to Marion to hear Senator Harding's address on social justice in which he urged the creation of a Federal Department of Public Welfare to function in defense of maternity, childhood and public health.

New Young Americans Learn of Nation's Obligations to Them

Twelve thousand women from all parts of the country travelled to Marion to hear Senator Harding's noteworthy address on social justice in which he proposed a Federal Department of Public Welfare to function in defense of maternity, childhood and public health. Here is seen Senator Harding and Mrs. Harding surrounded by a group of girls of foreign parentage from Chicago, who sang America as part of the ceremonies. The girls are dressed in their native costumes.

LAUDS HARDING'S WELFARE PROGRAM

Marion, O.—Mrs. Raymond Robins, of Chicago, was the spokeswoman for thousands of women industrial workers and women interested in problems of public welfare who gathered here to listen to Senator Harding's speech on "Social Justice."

Mrs. Robins, who is president of the National Women's Trades Union League, said:

"We have come knowing well that we represent but one of many groups

MRS. RAYMOND ROBINS.

or citizens in America, with necessarily divergent interests, and we understand we must find the way so to relate our various needs and hopes and aspirations that out of such inter-relationship may come the realization of America's ideals, for first and above all we want to serve our country."

"We have always known," said Mrs. Robins, "that certain groups of women are vitally interested in social and industrial questions—but we did not know that the great mass of women, all sorts of women, young and old, from the farms and from the cities—are also interested."

"What is it they see in the call to social justice? They see their opportunity to serve the nation in and through a program dealing with the vital issues with which they are at home, the protection of childhood, the care of mothers and babies, the safeguarding of women workers, the conservation of health and the needs of women on the farms."

"We have listened to a great speech, one of the few great speeches of a decade, and its effect will be far reaching."

Many are for Cox, says George Harvey, because they are convinced that he will not keep his word. It is hard to conceive a harsher criticism of a Presidential candidate.—Wheeling (W. Va.) Intelligencer.

PRAISES HARDING'S WELFARE PROGRAM

"Senator Harding's address on social justice in which he proposed a Federal Department of Public Welfare, is the longest step and practicable proposal yet taken by any man of official responsibility," declares Hon. Simeon D. Fess, representative in Congress from Ohio.

"His program goes directly to the core of the problem and demands protection, first, of motherhood, by safeguarding maternity, then of childhood, by proper legislation, and through these, the national health against invasion of disease through low standards of morals and commercial aggression of industry, which exposes to epidemics," he said. "He recognizes social justice not as a woman's problem, but as a general problem, in which women play a larger part. Hence, his specific demands that women be placed on various boards, Federal and State, which have to deal with problems of employment, labor adjustment and wherever national health is to be determined. This concern must extend to women in agriculture, as well as industries."

"Senator Harding's sound common sense prevents his dealing in general theories at the expense of practical results. Alleviate the dangers of bureaucracy, against which he warns he asks for a reorganization of our departments at Washington which will be one of his earliest tasks, and recommends the creation of a department of Public Welfare, to have directions of the problem of social justice. This will prevent duplication of agencies by unifying a half dozen bureaus now doing a haphazard work into one responsible and responsive department of the government. This step carries a program of social justice from the stage of theoretical speculation to that of practical execution, and the country can expect immediate action along practical lines."

GOVERNOR SPROUL SAYS WOMEN NOT IN FAVOR OF COX

"Women voters are not for Cox," says Governor Sproul of Pennsylvania and the reasons are not far to find. Governor Cox has alienated the affections of great masses of American women. In the first place, it is generally conceded that his intimate friends knew that in his heart he did not want woman's suffrage and that his statements in favor of this measure were only for political effect.

There are a great many travelling men in this country. They are, as a class, constructionists of a high order. Their intelligent optimism has often held a merchant up past the breaking point helping save his business. These travelling men have devoted wives; the most of them take a great interest in what their husbands are doing. Cox lost what friends he may have had among these good people by his amazingly stupid attack on commercial travelling and the travelling man.

A SPIRIT OF ENTHUSIASM

To Get the Farmers Out of Bondage.

(By Garfield Gilliam)

I am proud to know the operator and the laborer are united. Both are members of a union which brings success to millions of homes in America. To understand it clearly, we will take up both sides of the R. R. operators and laborers.

The operator knows per ton just what he will get for hauling freight before he loads his car. Also he knows what he gets for passengers riding his train and will get his pay before the passenger gets on with his ticket, therefore the State L. L. and G. of U. S. protects his union.

Then we consider the labor union for the railroads, which is very much the same. He knows what he is going to make on a trip from one terminal to another a round trip. Protected a little, therefore he can say he is a little free. The railroad company knows what it has made on the trip and so does the laborer. Most all the business of this United States is transacted in this manner.

The coal operator knows just what a ton of coal will bring before he gets it out of the hill. So the digger knows just what his pay is per ton before he digs a ton.

The railroad operators and laborers are in harmony with each other and in a push of business. Coal operators and laborers are in harmony with each other and in a push of business. All are getting rich. Millions of business in the United States, of different occupations are running on the same scale. Factories of several descriptions are in this line.

Now, brother farmer, the railroad, the railroad laborer, coal operator, coal digger, factory operators and laborers for factories have knocked and it has been opened unto them to accumulate the biggest majority of the money in this government, and who is suffering from the effects of it?

The farmer, of course. Why? Because is not organized like these other occupations, and can not get for his farm products what he ought to have. Poor farmer! You undertake to buy something and see if you don't have to pay for it. You will pay what they ask for it, and you will take what the other fellow says he will give, not what you will ask for your stuff. I always have seen this and always will unless we set our price on our stuff and fix it high enough till we can stay on the farm.

Now, the union has proven good for other occupations and no kick by the government; and I know it will prove good for us. If those other fellows have made good by their union, it will prove good for us. We must start this union. I fail to know when, if ever. I got for anything I offered to sell off of my farm what I asked for it. I always have to take the other fellow's figures and they are so low I am almost bound to go to public works, where exists protection.

To raise my cattle costs me \$30 per hundred. My hogs cost me \$50 per hundred to raise them. My chickens cost me \$1.00 per pound to raise them. My corn costs me \$3.00 per bushel to make it, considering all expenses, clearing up, fencing, the board of myself, feed of my stock, the work to make it and take care of it. And the high price of the union factories charge me for tools, the high prices the union boys want for their work, the high prices the union clothing factories charge me for my clothes and shoe factories charge me for shoes; and I have it to pay and it generally takes the last dollar.

Now, farmers, all we lack is getting just what we ought to have for our stuff. Let's get together and fix it so we can get what we ask for our stuff. Now, generally, we get \$5.00 per hundred for cattle, a loss of \$25 per hundred. We generally get \$10.00 per hundred for our net hogs, a loss

of \$40.00 per hundred. We generally get 15c to 25c for our chickens, a loss of 80c per lb. Now, farmers, every other occupation in this country gets what they ask for. Since they won't pay any attention to legislation for us, let's protect ourselves by putting farmers in office, from President to Road overseer.

We have got to climb. Road overseers are all we have got.

Farmers are largely in the majority in this government and if they will get together they can run the thing some, too. Now, a farmer needs some legislation as well as other concerns. He has got to fix things a little, or things will finish fixing him.

We farmers need Harding and Coolidge in the White House.

Did you ever think, farmer, who is paying the income tax? It is the consumer. Why? Because the income tax payers have raised on their manufactured stuff so as to balance their account to lose nothing, and it comes off of the consumer. You just think of what you pay now for a wagon, a plow or a pair of shoes, disc harrow, a binder or anything else, after the farmer sells the material out of which it is made. Now, you know there is but one remedy, and the remedy is ours. Just reach forth and get it. That is, fix the price on all stuff that comes from the farm and set it high enough, so we can get some money too, and it will make us able to pay high prices for farm work or higher prices than public works are paying. Then instead of farmers going to public works public workers will come to the farm. Now, do you ever think who is paying the taxes in Kentucky to finance the State? Real estate taxes are over \$1.00 per hundred dollars worth. Listen, and 10 cents to the hundred dollars if in bank. Now you see who pays and who don't. I thought law was justice.

Farmers of Eastern Kentucky, Tennessee and Virginia, we need to organize and stop giving our stuff away. Think of taking \$5.00 per hundred for our cattle, and then go to Chicago and St. Louis—riding the train before being killed—to the packing houses, and then shipped right back to here and sold as high as 45c per pound of beef. We are the ones who need this high price. We are out the expense. Why don't these beef cutters go to Chicago and get their trade. They ought to have it to do. They expect us to trade with them after buying from big meat packing houses. Farmers, how does that look to you? Let me hear from any other farmer.

GEOGRAPHICAL WINDOW DISPLAY

An advertising display which has attracted unusual interest, has been placed in the show window of B. F. Herndon, Cut-Rate-Drug Co., on Knox Street, in this city, the local agency for the well-known proprietary medicine, Tanlac.

The display is interesting not only from an advertising standpoint, but is also educational, combining in an attractive and artistic manner beautiful scenes from many foreign countries where the ingredients of this preparation are obtained.

It has occasioned such favorable comment in the city that the proprietors of the store state that it will remain in their window several days longer.

Work of Great Artist

The display is the work of one of America's greatest lithographic artists and the manufacturers of Tanlac state that the total cost will exceed sixty thousand dollars, which is said to be a record price for window displays. It is in ten distinct and natural colors, and presents scenes from the Rocky Mountains as well as from Europe, Asia, Peru, Egypt and other foreign countries.

The natives are seen in their natural habitat and environment, gathering the roots, herbs and bark that form the medicinal ingredients of Tanlac, packing them upon the back of camels, elephants, llamas and other beasts of burden for transportation by land and sea to the immense laboratories at Dayton, Ohio, and Walkerville, Canada.

One of the most striking features of the display is the reproduction of the magnificent laboratory at Dayton. Here the artist has very effectively and impressively portrayed the popularity of Tanlac by introducing a group of people in all walks of life who are looking at the Tanlac laboratory with expressions of confidence, plainly indicating their belief and faith in the medicine.

Another distinctive feature is the bulletins accompanying the display. They tell briefly and concisely of the marvelous growth and development of Tanlac, until today it has the largest sale of any medicine of its kind in the world. These bulletins also quote various standard medical authorities as to the therapeutic value and physiological effect of the medicine.

60,000 Bottles a Day.

From these bulletins one also can learn that the new Tanlac laboratories at Dayton and Walkerville have a combined daily capacity of 60,000 bottles and that the medicine is now selling at the rate of approximately 10,000,000 bottles per year.

That Tanlac is a preparation of exceptional merit has never been disputed, accounting for its tremendous popularity and large sales throughout the country. It is a powerful restorative tonic and body builder and has a far reaching and most beneficial effect upon the entire system. Many strong local endorsements from those who testify as to the benefit they received, have appeared in the columns of this paper.

The manufacturers of Tanlac are firm believers in newspaper advertising and have forcibly presented to the public the merits of their products in this way. Their total annual appropriation for newspaper space exceeds one million dollars. Their copy appears in practically all of the leading daily and weekly newspapers throughout the United States and Canada.

WIDOW OF ROOSEVELT URGES ELECTION OF WARREN G. HARDING

In Statement Declares Country's Vital Need Is Victory for Republican Candidates.

FIRST BACK OWN COUNTRY.

Says Opportunity Has Come to Women to "Make Her Influence Mighty in Behalf of Nation."

Oyster Bay, N. Y.—Mrs. Edith Kermit Roosevelt, widow of Colonel Theodore Roosevelt, is evincing keen interest in the Republican campaign. She recently gave to the press the following statement urging the election of Harding and Coolidge:

"The country's vital need is the election of the Republican candidates.

MRS. EDITH KERMIT ROOSEVELT.

Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next Administration be attained, if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home.

"The time appeals most strongly to the manhood and the womanhood of America. To woman more than ever before because to her has come the perfected opportunity to make her influence weighty in behalf of the nation.

"This year as never before, with world conditions as they are, steadiness and staunchness of American purpose are obligatory if we would first bring back our country to its stable place and then by strong endeavor do all that can be done for peace and the general welfare in all lands."

REPUBLICANS INSURE ECONOMICAL CONDUCT

Washington.—Not one man in ten thousand realizes the enormous expenses run up by the present Government. The disbursements are roughly \$15,000,000 a day, more than a year after the war. In 1914 the people expostulated because the daily disbursements by the Treasury had reached \$2,000,000. How gladly would the people groaning under the impositions of profiteers and the burden of taxes welcome a return to those halcyon days! Congress and the new Administration will have to deal with the reduction of Government expenditures.

The same party that has swelled them returned to power will never reduce them, because it claims the government is being economically administered. The Republican party will delight in reducing these enlarged expenses for clerk hire, and the insupportable bureaus that have been built up into money spending machines. By holding in their hands all lines of expenditures the new Congress and new Executive working together will cut down excessive items and eliminate others to an aggregate of hundreds of millions of dollars.

NATION DEMANDS THOROUGH CHANGE.

Chicago, Oct. —If one were required to name a single factor which is doing more than any other to work toward Republican success in November, he would probably have to say:

Determination of the public to have a change and to get away from Wilsonism.

Reports from all quarters tell of this feeling, at once a desire for a change and a determination to bring it about at the polls November 2.

Whether it be from the central west, the far west, the east or the south, the reports tell of this seeking for a change. The desire for a change is born of dissatisfaction, dislike and disgust felt by the voters toward the Wilson administration and the things it has done and left undone.

Mr. Cox is looked on as a man who if he were elected would follow the track of Mr. Wilson. In fact, he has declared himself in "complete accord" with Mr. Wilson.

The public, by all accounts, is not looking for a man who will go along with Mr. Wilson or the Wilson policies.

SENATOR HARDING PROPOSES WELFARE POST IN CABINET

Tells 12,000 Women He Favors Department in Defense of Mothers, Childhood and Public Health.

TO ADVANCE SOCIAL JUSTICE.

Emphasizes Need of Safeguarding Women on American Farms. Stands for Enforcement of Law

Marion, O.—The creation of a Federal Department of Public Welfare to function in defense of maternity, childhood and public health was proposed by Senator Harding in a speech on social justice to 5,000 women who came to his front porch from all points of the compass.

Such a Department, said Senator Harding, must "avoid the fearful results of bureaucracy. There can be no more efficient way of advancing a humanitarian program," he said, "than by adapting the machinery of our Federal Government to the purposes we desire to attain. While others may have their eyes fixed upon some particular piece of legislation or more particular policy of social justice which calls for the sympathetic interest of us all, I say, without hesitation, that our primary consideration must be the machinery of administration, and that when the time comes for us to reorganize our administrative government in Washington we must all stand together for the creation of a Department of Public Welfare."

"I pledge myself today," he said, "to support with all that is in me whatever practical policy of social welfare and social justice can be brought forward by the combined wisdom of all Americans. Nothing can concern me as an American, more deeply than the health, the happiness and the enlightenment of every fellow American."

Must Avoid Paternalism.

"The social justice that I conceive is not paternalism. It would be easy to make it so, and dangerous indeed to the best spirit that Americans can have—the spirit of expressing by the individual free will one's own merits, capacity and worth. We do not want government to suppress that expression of free will, even by benevolence, but we do mean to preserve in America an equal opportunity and a preparedness for self-expression therein, even though we use the government to do it."

"I believe that there is no step more practical, no step which will mean more to the growth of America's social welfare; no step which will guarantee better America's social justice, than one which I propose to you."

Dangers to Be Avoided.

"I have no doubt that there will be some who will find in this proposal cause for calling me an extremist, but when we have a task to do, which has been dictated by our conscience and approved by our wisdom, let us straightway find the way to do it. I do not say this without a word of caution. I recognize certain dangers which are always presented when government undertakes large and detailed tasks."

Tasks of Social Justice.

Senator Harding pointed out the necessity of going forward upon a sure footing and declared:

"When making the proposal for a department of public welfare to America, I am aware that I have made a step in advance of any platform."

"We all know that we face tasks of social justice, which we must undertake with dispatch and efficiency. Who can suggest one of these tasks which can supersede in our hearts, or in the rank which foresight and wisdom will give that of the protection of our maternity?"

"The protection of the motherhood of America can not be accomplished until the state and the nation have enacted, and by their example, have enforced customs, which protect womanhood itself. I know full well that there are women who insist that women shall be treated upon the same basis that men are treated."

Senator Harding discussed the need of adequate protection for women in industry and expressed his belief in the wisdom of an eight-hour day for women workers. He emphasized the need of safeguarding the women on American farms. He proposed putting the Children's Bureau under the suggested Department of Public Welfare, and urged prevention of abuses of child labor.

"I must not fail," Senator Harding went on, "to speak to you today of one of the measures of social justice and social welfare not often catalogued in this manner, but perhaps more important than any we have considered. I refer to the enforcement of law. It will not be my business when elected to decide what laws shall be. It will be legitimate for me to invoke public opinion for their enactment, but such a call to public opinion must be based more upon the duty of the Executive of the nation to give facts to the people than upon his desire to give opinion, theory and propaganda. The enforcement of the law is an Executive responsibility and must be undertaken by the Executive without regard for his personal approval or disapproval of the law, which it has been the people's will to enact."

THE ACCUSER

Shades of James Madison: "A steady regard for the true interests of the United States equally avoids an abandonment of their just demands and a connection of their fortunes with the systems of other powers."

LEAGUE IS IMPOTENT, DEMOCRATIC BELIEF

The Cincinnati Enquirer, a Democratic newspaper, says:

"Commendation is due Senator Harding for his statesmanlike expression in opposition to the entry of this country into the League of Nations. We believe the great American people, as we so often have said, will endorse the attitude of those who oppose tying up this nation with some other nations in what virtually is a political alliance. "The Senator speaks truth when he says: 'The League is an association of diplomats and politicians whose determinations are sure to be influenced by considerations of expediency and national selfishness.'"

KENTUCKY WOMEN ARE NOT BLIND

Judging from appearances, the Democratic party has mistaken the women of Kentucky for a sugar-and-taffy sort of people.

They are not. The Republican party knows they are not, and it is urging them to vote the Republican ticket strictly on the issues.

Kentucky women are not blind.

They do not want a Wilson League of Nations, which means that American lads must be constantly in the military service, possibly fighting and dying for other nations whose interests are not ours.

They do not want to barter off the constitution and the American right of independent thinking and acting, to European politicians and self-seekers.

They do not want to continue in office for four more years a party that has kept taxation at high pitch, that has practiced despotism, that has left public will and desire entirely out of administrative action, that has wasted and squandered on a scale unequalled in history.

They want a party of construction, not destruction; of action, not reaction.

That is why they are going to vote the Republican ticket in November.

"HE KEPT US OUT."

Woodrow kept us out of war, out of peace and out of sugar, and he will now proceed to keep Brother Cox out of the White House.

IN THE MIRE AGAIN

The Democratic machine in Kentucky is the same old machine.

With the nice, new front it put on a few weeks ago, many believed it really had changed its colors. But alas it has proven a false-face. The same old machine, coated with trench-paint!

After the decisive defeat it has suffered, after the stinging rebuke it has received from the people of this state on more than one occasion, many had been led to believe that it would reform. Democrats who believe in cleaner and better things hoped the change would come.

But it is the same old machine.

In the memorable campaigns of the past decade, that same old machine has made its presence felt by certain practices which by no means served to elevate it in the esteem of Kentucky voters.

This year they are out of issues again.

Ask them about the 29 wars now going on in Europe.

Ask them about Article Ten, which would keep this country constantly at war.

Ask them about sacrificing all our forefathers won for us.

Ask them about surrendering the Constitution and our rights for a world-government of European politicians and self-seekers.

Ask them about war waste, about profiteering, about the aeroplane and munitions scandals, about squandering of billions, about one-man rule.

Like a tin talking-machine, they answer: "Join the League!"

On the League of Nations, on the record of their national administrators, on any and every important issue, they cannot even talk back. They have no ground to stand upon.

Such has been the case with year after year. But when they have found it impossible to defend themselves, or to stand squarely before the people on important issues, they have done what no doubt appeared to them to be the "next best thing."

Mud. That's it. The Democratic machine, false-face and all, will deal in it in Kentucky this year. Watch them. They have already begun.

Details are not necessary. These efforts will be recognized by the people, just as they were recognized last year.

The rebuke will come on November second.

UNION LABOR URGES DEFEAT OF BECKHAM

The following resolution was adopted by the Kentucky State Federation of Labor at its convention in Henderson on September 16:

"The American Federation of Labor urges all unions to defeat political enemies of the American Federation of Labor, and has published the record of Senator J. C. W. Beckham, showing plainly that his sympathies are not with the working people. Be it resolved that the Kentucky State Federation of Labor urge all union men to vote and work against the election of J. C. W. Beckham for United States Senator and the secretary be instructed to publish Senator Beckham's record as published by the American Federation of Labor from time to time until the November election."

NEVER AGAIN!

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown.

Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young.

Mrs. Scott Barton is visiting home folks. She is now a resident of Kettle Island.

Mrs. Jas. Michael, of Warren, who is in the Logan Sanitarium with pneumonia is improving slowly.

Miss Laura Hays spent Sunday as the guest of her sister, Mrs. Jno. G. Hammons, of Little Richland.

Mrs. B. B. Golden, of Pineville, spent the week end with her mother, Mrs. J. N. Hayes.

Think of the Cut Rate Drug Co., when you think of jewelry. We carry a nice line.

They are still buying goods at England's and new goods are coming in very day.

Marcellus Partin, of Artemus, was in town Monday for medicine for his mother.

J. J. Tye and Dr. W. C. Black are attending the Masonic meeting in Louisville this week.

Mrs. McDermott and several other Democrats were in Corbin this week, to hear Vice President Marshall speak.

The Safest Tonic

is not that which depends upon alcoholic but upon tonic-nutrient virtues.

SCOTT'S EMULSION

is the purest kind of nutriment and helps the system keep up with the wear and tear upon strength.

Perfect Glasses for near and far vision

If you have to remove—or awkwardly peer over your reading glasses every time you look at distant objects; if you fuss with two pairs; or if you wear the old-style bifocals with the conspicuous seam or hump—Then you need

KRYPTOK GLASSES

THE INVISIBLE BIFOCALS

The upper part of KRYPTOKS (pronounced Crip-tocks) gives the necessary correction for far vision and the lower part for near vision. You can adjust your sight instantly from printed page to distant view.

KRYPTOKS are entirely free from the unsightly, age-revealing seam or hump of old-fashioned bifocals, and consequently have the appearance of single vision glasses.

If you need KRYPTOKS we can assure you of satisfaction.
